

P roduct information

perfectpur animal

What is **perfectpur animal** ?

perfectpur animal is suitable for disinfection and odour reduction.

It is a spray solution with bactericidal, levurocidal and virucidal efficacy.

We expressly point out that **perfectpur animal is not** a veterinary medicinal product.

Areas of application for **perfectpur animal**

For disinfection* and odour reduction for:

- water/food bowls
- dog / cat beds
- bird cages / aviaries
- pet toilets
- drinking water
- transport containers
- stables
- climbing trees
- collars / leads
- brushes / combs
- aquariums / terrariums

* * Meaning of disinfection:

to bring dead or living material into a state in which it can no longer cause infection.

Application/Dosage:

Important: Keep a distance of approx. 30 cm when spraying with **perfectpur animal**.

Allow to dry.

Drinking water: **perfectpur animal** can be used for drinking water disinfection.

Cleaning:

Clean and disinfect the area where your pet consumes its food. Food, water and/or saliva are often spilled around the feeding area, where bacteria can develop quickly, especially on warm days. The floor in the entrance area where your pet comes in from outside also deserves special attention, as bacteria and other pathogens can hide on the paws and in attached fur and may therefore be brought inside.

Pets, contact with babies / toddlers:

If a baby or toddler begins to crawl, it will not take long before it explores the rooms and their objects or toys together with its "best friend". Therefore, all toys, especially the pet's toys, should be cleaned regularly with **perfectpur animal**.

Odours:

Odours are caused by bacteria. These can be rendered harmless and therefore odourless by **perfectpur animal**. This means that odours such as those from wet dogs do not stand a chance. The result is clean, fresh air at home, in the car and wherever odours occur.

Available container sizes:

250 ml, 1 litre, 5 litres, 10 litres – larger container sizes available on request

Compatibility:

perfectpur animal contains no alcohol and no:

- colourings
- preservatives
- fragrances
