

# P roduct information

## perfectpur homefresh

**perfectpur homefresh** is suitable, among other things, for surface disinfection and odour reduction. It can also be used in the kitchen on surfaces and equipment that come into contact with food.

It is a ready-to-use solution with bactericidal, levurocidal and virucidal efficacy.

Did you know that, under certain conditions, bacteria such as *Escherichia coli* can divide every 20 minutes, so that a single bacterium can multiply to nearly 17 million bacteria in just 8 hours?

**perfectpur homefresh** can be applied to all objects and surfaces.\*\*

Ideal and practical for use at home, on the go or during leisure time: (examples)
